	<p>If an order is cancelled, please submit the cancellation in writing. There is a 2.5% cancellation charge that will be deducted from the deposit. The refund will be sent within 30 days of receiving the cancellation notice. We do accept educational and corporate purchase orders.</p> <p>The standard lead time for most OTAs and systems is 6-9 months. The current estimated lead time for your order is 6 - 9 months.</p> <p>All items are shipped FOB Origin. Shipping is arranged by PlaneWave Instruments, product fully insured. SHIPPING CHARGE AND CRATES, Shipping costs can be volatile. We are supplying an estimate of current shipping rates. Rates are valid for 30 days and all shipping will be re-quoted and updated at time of final invoicing. Custom taxes and duties are not included in shipping quotes. If buyer prefers to use their own shipping company there will be a possessing fee of \$50 for domestic &amp; \$100 for International shipments.</p> <p>For all INTERNATIONAL ORDERS, we require an END USE STATEMENT (US DOC, BIS Form 711) be filled out and signed.</p> <p>STANDARD WARRANTY: PlaneWave warrants your telescope to be free from defects in materials and workmanship for a period of one year for coatings and two years mechanics and electronics. If a product is sent in for warranty repairs, the customer will pay for the shipping to PlaneWave. PlaneWave will inspect and determine if the product is defective in either workmanship or materials.</p> <p>If the returned product is determined to be covered by warranty, PlaneWave will repair or replace all or part of the product and will reimburse the customer for the shipping charge. Items sold by PlaneWave made by another manufacturer are warranted by that manufacturer. Before returning any products to PlaneWave, you must obtain a return authorization number.</p>
